Introducing Digital Inspections. Ditch paper and perform simple and easy-to-use multifamily property maintenance inspections with ServusInspections by ServusConnect!

FEATURE SPOTLIGHT

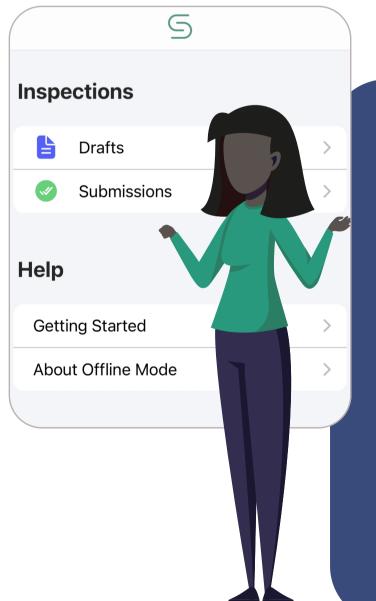

5:44 **4** Back **Sheetrock Repair** Click on the location of each repair required, then

Standardize Your Inspection Forms!

ServusInspections is part of our our maintenance platform and makes it easy to standardize and digitize inspection forms across your company for better documentation, diligence and quality.

Paper-Free Inspections

Empower your team to get more out of their inspections with an easy-to-use digital interface. Quickly document everything with just a few taps.

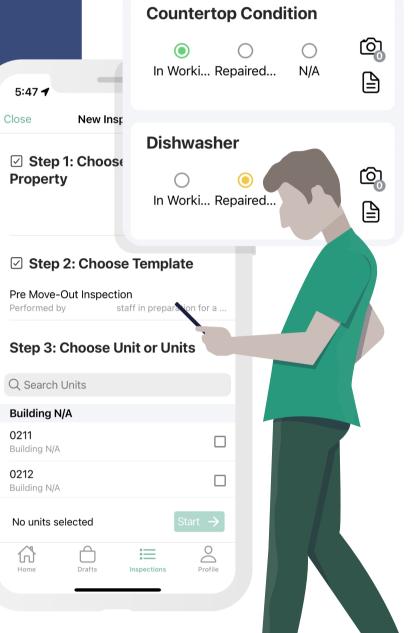

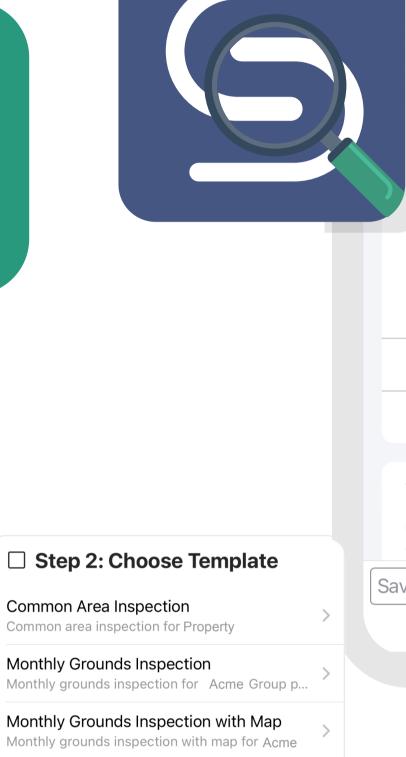

Work Offline & Track Your Progress!

With ServusInspections, there's no need for constant Wi-Fi connection in those hard-toreach places. Iterate on your drafts offline until done and rest assured your inspection work is saved if you get called away to an emergency.

Track Findings!

Inspection findings are shared with your team and can be tracked to resolution.
